

## **News From Southern Shores Town Hall**

### **Friday, September 23, 2005**

#### **Town Council Meeting**

Click ["here"](#) to see highlights of the September 20, 2005 Town Council meeting.

#### **Proposed Multi-Use Path Meeting**

Thursday, September 22 (7:00 PM; Pitts Center), about 50 citizens came to the meeting to give Town staff ideas about both South Dogwood Trail multi-use paths (Kitty Hawk Elementary School to Duck Woods Country Club; Duck Woods Country Club to East Dogwood). If you couldn't attend and want to make comments, come to Town Hall or e-mail your comments to [Merrie](#) or go to ["Comment Form"](#) print out and submit. Please submit your comments by September 29. There are alternative routes for you to view and we need to know how the public feels about both paths and – very importantly – if, how and where the paths should be built.

#### **Phragmites and other Invasive Weeds**

Working with the Coastal Conservancy and the NC State Cooperative Extension – Dare County Center, the Town is hosting a free seminar on identifying and controlling phragmites and other invasive wetland weeds. Phragmites, also known as “kudzu of the wetlands” is a particularly noxious plant that has recently invaded Southern Shores wetlands and marshes.

This seminar will be held Tuesday, October 18, from 7-9 PM, in the Pitts Center. All property owners with wetlands and marshes on their property may wish to attend.

#### **Chipping:**

The Chipper will be in Sector #4 the week of September 26, and your brush should be placed out by Monday morning. Sector #1 can start putting their brush out for chipping. **For more information and schedule on the program go to [Chips](#) . To see a sector map go to [Map](#) . Chips are available, please contact [Merrie](#) with your address and place a sign off the right-of-way where to put the chips.**
